Headteacher: Mr Adrian Dipple

April 24th 2009

Dear Mr MacDonald,

Our visits to Caverswall Castle

Thank you for allowing our children to visit the Castle as part of their Local Study topic. We are very fortunate to have a real castle on our doorstep and we would certainly like to visit again. The staff were very accommodating and the tour you gave us was well matched to our needs. The children learned a lot about the castle and how its use had changed over the many years of its history, and they really enjoyed the experience.

I very much hope that we can build on this link in the future. We can see lots of potential for activities such as:

- Art lessons in the grounds, drawing the castle and surroundings
- Teddy Bear's Picnic in the grounds for our Reception Class
- A wildlife walk around the grounds and the moat / pond (Science)
- Creative writing / story telling in the Castle (lots of spooky nooks and crannies!)
- Desktop publishing / ICT producing leaflets, posters etc

We would be very happy to discuss these ideas with you. You are very welcome to visit us and have a look round the school to see what we do. We see ourselves as a key part of the village of Caverswall and we always welcome the support of local businesses in providing our children with the best learning opportunities possible.

Thank you again for opening up the Castle to us as an educational resource. We appreciate your help and support and hope we can work together again in the future.

Yours sincerely,

Adrian Dipple
