

I also stand by the views made in my original letter of the 6th December 2013.

The applicant has obviously not taken on board the concerns of the local residents and local authorities who are against this wind turbine and have brushed them aside and gone to appeal.

Their gain would leave the majority with all the worst aspects of this application.

Yours faithfully,

(Mrs)

F.T.A.C

THE PLANNING INSPECTOR

8th May 2014.

Dear Sir/Madam

I am most concerned about this planning appeal application against the refusal for a wind turbine at the above address.

- 1/ Seddolph Town Council unanimously recommended refusal.
- 2/ Staffordshire Moorlands planning officer recommended refusal.
- 3/ Staffordshire Moorlands Planning Committee unanimously recommended refusal voting 13-0.
- 4/ There were many letters of objection from local residents.
- 5/ Also many people signed a petition against this application.
