Subject: Planning Application Objection

SMD 12015/0300

Site location: Carrs-billington Macclesfield Road Leek Staffordshire ST13 8NR Leek

I would like to register my objection to this planning application.

Looking at the proposed elevation for the new building I see that the proposed height is 6.88 meters which causes me to have the following concerns:

- The proposed development would obscure a considerable amount of the current view of the sky and surrounding trees as seen from the dining room window.
- There would be detrimental effect on the value of my property due to the loss of 'open view' currently enjoyed.
- There would be a significant loss of early morning sunlight to the rear of my property.

I would be more than happy to meet the case officer to discuss this matter if required.

If possible I would appreciate an acknowledgement of receipt of this e-mail.

Regards
