Subject: Request for NMA/2025/0018 to be determined by Planning Applications Committee

Dear sirs,

I would I like to request that the planning application NMA/2025/0018 to be determined by Planning Applications Committee rather than by delegated officers powers.

My reason for this request is that the application is raising huge concern locally. This is due to impact on traffic disruption, the landscape which is situated within the Churnet Valley and also the impact to residential areas and our green belt.

I think that this application should be discussed in a public forum as per the previous NMA applications regarding this application have been therefore ensuring transparency and fairness in that it is being dealt with in the same manner. by being discussed in a public forum by the panning committee it would give opportunity for elected members to be able to debate and discuss openly and the public have chance to express their views.

I would be grateful if you could confirm that this will be heard at a committee and when this is likely to be so that I can attend. If my request is refused please can you advise of why this decision was made when previous applications regarding this matter were held at committee.

I would like to thank you for your time and I look forward to hearing from you soon.

Many thanks,

Sharon Plant
