Jane,

I have a consultation on this discharge of conditions application. However, they have only submitted details and requested approval in respect of Condition 10 of pp SMD/2014/0471, which essentially deals with site access, traffic management, materials delivery/storage/dust control etc so I don't think it's one I need to comment on.

The various conditions relating to tree removal outside nesting season, tree protection measures, new landscaping etc are all implementation-type conditions which don't need pre-commencement details submitting for condition discharge.

Steve
