Church Lane, Endon
1960/70s bungalow located within Endon Conservation Area and opposite Grade II Listed St Luke's Church. The bungalow is well screened by the boundary wall and mature trees and has a neutral impact on the character and appearance of the Conservation Area. I have no objection to the proposed alterations to the property, subject to matching materials, however, I do have concerns about the widening of the driveway which will open up views of the property, result in a loss of the drystone wall and expose an expanse of driveway. The strong enclosure created by the walling and mature vegetation along the road would be harmed.

The importance of traditional walling in Endon Conservation Area and concern over the harm caused by parking in front gardens is raised in the Endon Character Appraisal.
