Submission: Objection
Comments: Dear Sirs

My wife and I have lived in the village of Dilhorne for a number of years. When the said property came up for sail

we jumped at the chance to buy this, but on consultation with estate agent and a solicitor it was found that the said clause could not be removed no mater what we did, so we had to pull out of the sail

We feel that if this application be passed it would open the doors for any persons wishing to buy any property with this clause on to feel they have a very good chance that this could be removed

And there seems to have been no communication with the villagers as to this planning application ie yellow signs to lampposts etc.

We await your response in anticipation.
