Submission: Objection
Comments: Our property directly borders both the driveway to the house and the "garden" area of #7 New Road.

We have already experienced wilful damage to the fencing between ourselves from one of the current "residents" and 2 Ash Way (Incident #792300716, Crime #I2-53471-2016), and constantly have to suffer discarded cigarette butts, crisp packets, empty drink containers, takeaway litter, etc., thrown into our land courtesy of the lack of supervision given to the children supposedly in their care, the workers are always parking their own vehicles in such a way as the pavements are completely inaccessible (especially to me in my wheelchair - I flatly refuse to have to go from Ash Way to New Road by using the road itself on a blind junction for personal safety reasons) when they could easily (and currently) park in the garage and/or on their driveway, so the thought of additional occupants fills me with dread.

There is already enough parking space for at least eight vehicles if parked correctly, and yet there are rarely more than two or three actually on their own property.

It appears that they would rather inconvenience the existing residents by parking with only their nearside wheels in the gutter and the rest of the car blocking the pavement, despite the requests that have been made by those unfortunate people who only live here.

I also object to the fact that the owners never trim the trees that are growing on their land that are slowly but surely not only cutting off the view of the surrounding countryside that I've enjoyed since I was a toddler, but are also undermining the wall that we had built between our rear lawn and their driveway.

I'm sure that if Mr Wilcox had this situation immediately bordering his own dwelling that he would object too, and for exactly the same reasons as I do.

Please deny this application on the objections listed above.

Permanently spending my life in a wheelchair means that my existence is severely confined to a small area which is most definitely NOT helped by this neighbouring nuisance. Don't make things any worse for me than they already are.

Thank you.
