Submission: Objection
Comments: I would like to object to this planning application on the grounds that it is completely in the wrong location being next to the thatched cottage that is of historical value to Biddulph. the equipment stored would be large in size causing a blot on the landscape, also would people be living on the site if so it would be no more than a travellers site, or if permission is given that would be the next application for a travellers site. Akesmore lane is only narrow this would to narrow for some of the equipment. so please decline this application for the good of Biddulph.
