RE: application for extension of 11. Beverley Cres Fors Brook.

APP NO: SMD/2016/0631.

To whom it may concern,

We have lived opposite this house for approx 47yrs ~~of~~ we are now in our eighties, you may feel we should not object at our age but we do - on the grounds we will lose a lot of the wonderful views

of the fields and trees towards Dilhorne also the cattle and sheep that are put on these fields.

I am disabled by a chronic lung disease, and cannot get out much, and so I watch the tractors going over the fields at certain times of the year, it gives me great enjoyment as I love the countryside, and to take even a little of that from me causes me great distress.

We will also be overlooked by the balcony, if anyone should stand

outside, they can see straight into our lounge, which we would find very embarrassing.

Hoping you will consider carefully the above views.

Yours faithfully,
