14. Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

a) Protected and priority species:

- [ ] Yes, on the development site
- [ ] Yes, on land adjacent to or near the proposed development
- [x] No

b) Designated sites, important habitats or other biodiversity features:

- [ ] Yes, on the development site
- [ ] Yes, on land adjacent to or near the proposed development
- [x] No

c) Features of geological conservation importance:

- [ ] Yes, on the development site
- [ ] Yes, on land adjacent to or near the proposed development
- [x] No

15. Existing Use

Please describe the current use of the site:

DWELLING WITH HARDSTANDING AND GARDEN

Is the site currently vacant? [ ] Yes [x] No

If Yes, please describe the last use of the site:

When did this use end (if known)? DD/MM/YYYY (date where known may be approximate)

Does the proposal involve any of the following:

Land which is known to be contaminated? [ ] Yes [x] No

Land where contamination is suspected for all or part of the site? [ ] Yes [x] No

A proposed use that would be particularly vulnerable to the presence of contamination? [ ] Yes [x] No

If you have answered Yes to any of the above, you will need to submit an appropriate contamination assessment.

16. Trees and Hedges

Are there trees or hedges on the proposed development site? [x] Yes [ ] No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character? [ ] Yes [x] No

If Yes to either or both of the above, you will need to provide a full Tree Survey, with accompanying plan before your application can be determined. Your Local Planning Authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to construction - Recommendations'.

17. Trade Effluent

Does the proposal involve the need to dispose of trade effluents or waste? [ ] Yes [x] No

If Yes, please describe the nature, volume and means of disposal of trade effluents or waste

18. Residential Units (Including Conversion)

Does your proposal include the gain, loss or change of use of residential units? ☑ Yes ☐ No

If Yes, please complete details of the changes in the tables below:

Proposed Dwelling
on land between 89 and 93 School Lane, Caverswall

for Mr P Carr

Design and Access Statement

This design and access statement accompanies an application for a new dwelling on land between 89 and 93 School Lane. Caverswall. The statement has been written to meet the requirements of Article 4C of the Town & Country Planning (General Development Procedure) Order 1995 (as amended).

As this is a proposal for a single 3 bedroom detached dwelling. some aspects such as the social and economic context are of limited applicability.

Design Issues

The application is for a new 3 bedroom detached dwelling which is sited in an existing residential area where similar development has taken place and would conform to several existing local development policies.

Properties within the immediate vicinity are of a 2 storey semi detached form with bungalows being present within the street scene some 60 – 100 m away from the site.

With reference to the previously submitted application (No. 08/00569/FUL). the scheme was re-designed taking into consideration Policy B13 and Appendix 3 of the Local Plan. Consultation was made with the relevant Planning Officer who favoured the re-design.

Quantum of Development

The overall site has an area of approximately 1450m^2. With advice given taken on board it is achievable to accommodate a detached dwelling on the site with consideration to respect neighbouring privacy. The design can easily gain from achieving potential maximum views across the open fields to the rear of the property. this will maintain a rural aspect for residents.

The application is for one detached 2 storey dwelling consisting of kitchen, utility room, hallway, study. WC and living dining area to the ground floor with 3 bedrooms and family bathroom to the first floor.

The whole accommodation achieves 55 m^2 to the ground floor and 38 m^2 to the first floor.

Layout

The dwelling is sited in an area adjacent 93 School Lane. Outline permission was granted, ref: SM-92-1036 registered date 21 September 1992 and full planning permission granted ref: SM-05-1012, date registered 13 December 1995. A further consultation took place with a revised application being made, ref: 07-01229/FUL , this being refused.

Advice was sought, and the proposal amended to reflect same. The position of the dwelling was agreed as shown on the enclosed application drawings.

The proposal would sit snugly within the street scene. the views to the rear have influenced the orientation of room layout.

The siting of the dwelling 'set within the street line' would produce a good sized usable garden space.

Scale

School Lane is a residential area predominately made up of semi detached 2 storey dwellings and detached bungalows.

The proposed dwelling would fit between 93 School Lane and 89 School Lane, which are both 2 storey semi detached properties.

Access

Access will be maintained to the site via a new vehicular access, this shall be designed to comply with Staffordshire Council Highways guide and be a minimum of 3600 mm. All vehicular movement within the site shall enter and leave the site in a forward gear. The front of the dwelling shall be easily accessible from School Lane.

The access from the road frontage to the garage will remain at its current gradient. Access to the principal entrance door shall be graded to gain a level access and access to the utility room door shall be graded to comply with Part M of The Building Regulations.

Landscaping

As this proposal is for a dwelling for private occupation. the landscaping will consist of a traditional garden type, a mixture of paving, grass and border planting and as such the term 'landscaping' in context of planning matters can be placed as a condition.

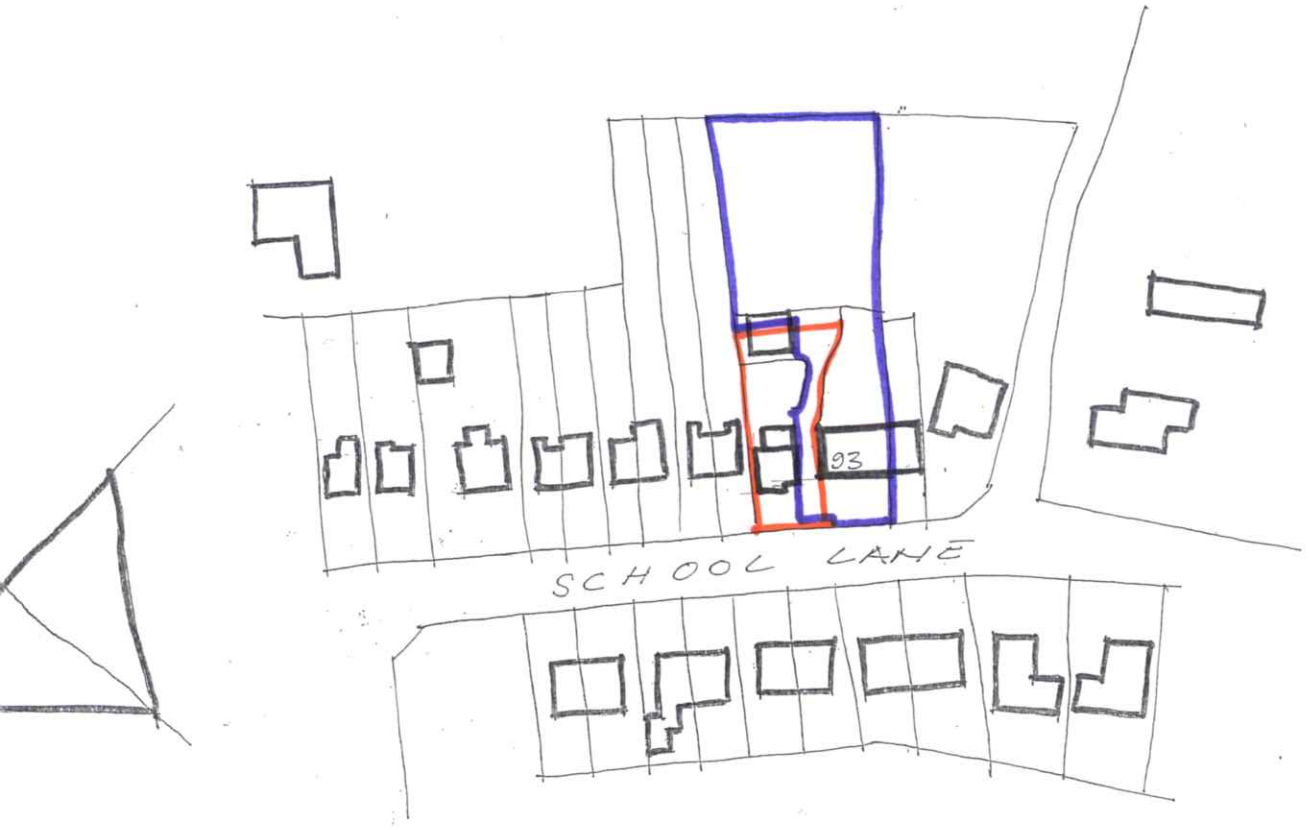

Appearance

Due to the nature of the proposed development and its immediate neighbouring properties being of post war design, the proposal will have simple but effective detailing with arched brickwork detailing to the front elevation. dry brick verges and contrasting brick dental band. A timber and tile front canopy will be incorporated over the principal door.

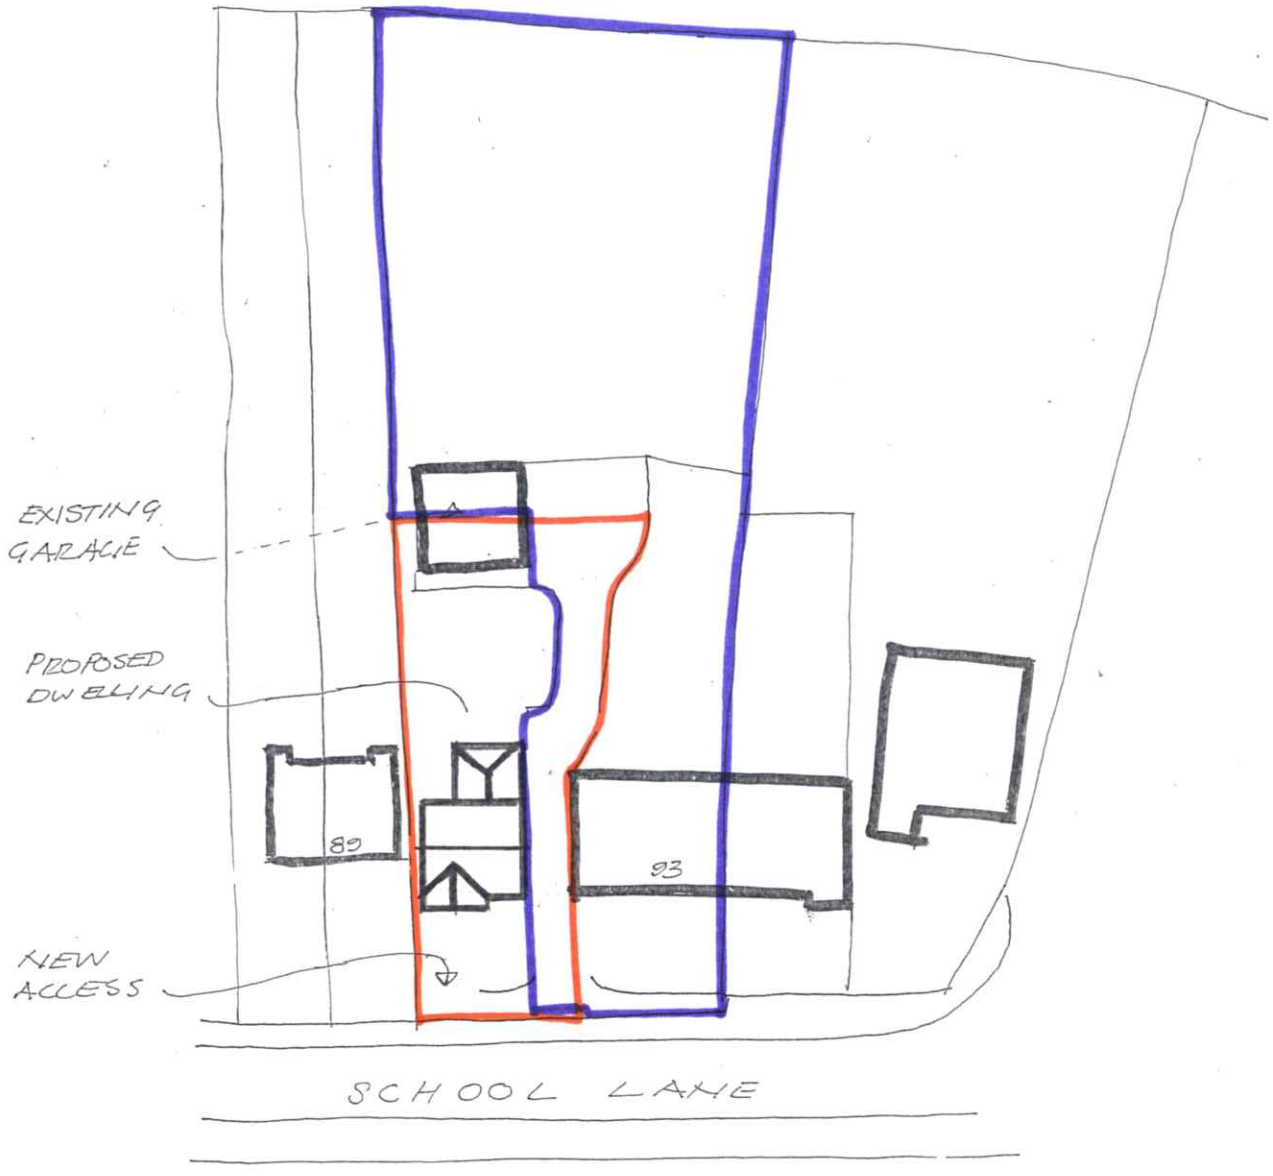

The proposal will be sympathetic to the surrounding areas being predominately brick stock and will be in-keeping having materials of facing brick and plain tiled roof.

The general appearance is designed to be a traditional type detached dwelling having simple detailing as a post war dwelling would be.

Large windows to the rear are to be incorporated to take best advantage of the unobstructed views of the natural rural landscape.
