For the attention of The Planning Officer

03 November 2016

Dear Sirs

16-067 LISTED BUILDING CONSENT FOR PROPOSED DOORS AND WINDOWS AT THE GAZEBO AT WHITEHOUGH HALL

We have not supplied a Design and Access Statement with this application as we do not feel one is required. The application is for the reinstatement of missing windows and doors replicating those found at Whitehough Hall. The building has a floor space of less than 100 square meters.

We trust that the attached documentation is sufficient to enable the application to be progressed. If you require anything further or wish to discuss the application, please do not hesitate to contact the writer.

Yours sincerely

S Sykes
