Arne,

I have the following comments on this application:

The proposed extension would require the removal of a small area of remnant hedgerow and poor quality small scrubby trees at the site frontage which is of no significant amenity value.

No objection.

No tree protection conditions required. However, for completeness I would suggest that the following condition be imposed in the event that planning permission is granted:

1. There shall be no removal of any trees, shrubs or hedgerow during the bird nesting season (March to August inclusive), unless otherwise agreed by the LPA and in this case only following careful inspection by a competent person to establish that such trees, shrubs or hedgerow are not in active use by nesting birds.

Steve Massey
