Dear Sirs

APPLICATION SMD/2016/0699 – Mr G Kileen

I refer to your letter of 8 November, regarding the above planning application at Heathfield Cottage, Tythe Barn, Alton. Whilst I have no objection to a one storey extension, contravening planning regulations, I do have the under mentioned objections to the erection of a two storey extension:

It appears that the proposed extension will not be 7 metres from the rear hedge or boundary as per planning regulations.

The extension will overshadow our bungalow, which is surely inappropriate.

We will lose some light.

Would the upper-floor side windows be of obscure glass.

I thank you for submitting this objection to the Planning Application Committee and await their decision in due course.

Yours faithfully

N Goodwin (Mr)
