Comments: This application is extremely miss leading. The plot in question had a caravan over 20 years ago, it has not been residential to our knowledge for 20 years. The photograph referred to is way out of date. The plot is small and would never accommodate 2 properties. To build these properties would involve destroying established hedgerows and impinging on green belt fields. It is also close to a busy junction and a thriving public house and would be detrimental to the pub and possibly cause issues with parking and effect the bust road junction.
