Project:	**Biddulph High School, Biddulph**
Title:	**Proposed Recreation Works**
Date:	**November 2016**
Project ID:	**4285-04**

Context

The proposal is to remove the existing redgra recreation area and replace with a new astroturf recreation surface.

The school is a collection of multi-storey built blocks with felt flat roofs. The school is located on Conway Road and generally has no significant architectural features.

Amount

The proposed astroturf recreation area is a direct replacement of the existing redgra recreation area and so no different in size (3450m²).

Layout

The layout of the existing buildings are unaffected.

Scale

The proposal will not affect the general scale of the existing building.

Appearance

The recreation area will have an astroturf finish.

Landscaping

There is no change to the existing bio diversity of the site.

Access

The proposal will not affect access to the site.

The existing School building has full access for the disabled.
