Teresa,

I have received a consultation on this application, no doubt because the property/application site lies fully within the extent of Area A1 protected under TPO No. SM.213 at St Edwards Park.

I am unable to open the scanned application documents from the public access website; however, I can see that due to the specific position of this property there are in fact no protected trees (and no other significant/important trees) within or adjacent to the curtilage.

I therefore have no comments to make on this application.
