Subject:	APPLICATION NUMBER SMD/2016/0774
Date:	02 January 2017 16:43:56

Dear Sir/Madam

This e-mail is with regards to the above application for 9 Millstream Close, Cheadle by Ms Stephanie Walker for a first floor side extension over existing garage and utility.

Please note that the letter we received on 22/12/16 was dated 9/12/16 and the content of the letter stated that we needed to write to you with any objections within 21 days.

Following careful thought and consideration, please consider our concerns below.

Our first objection is that the extension will reduce the amount of time that we receive sun into our own back garden. The sun becomes obscured by the property as it is but the extension will remove the sunlight we get earlier. Secondly, yes our view is currently a brick wall but the extension will mean that it is bought closer to us. Thirdly, there are concerns regarding the building work and implications it may have on us or our property.

Should you wish to, we are happy to be contacted for further clarification or information.

Yours faithfully

Michelle Leeson

(7 Millstream Close)
