Re 21 Heather Hills, Stockton Brook

We live next door to the above property and can confirm that we have no concerns regarding the current glass in the tower of the property in respect of privacy in our home. We are comfortable for the glass to be left as it is and do not require it to be frosted.

Yours faithfully

J N Mackay

Dear Sirs,

Re: **Recent extension to 21 Heather Hills, Stockton Brook**

Further to the above, we live opposite this property, and we are not concerned with the glass fitted in the tower. The glass can be left clear and does not need to be frosted.

Please do not hesitate to contact us should you have any further concerns.

Yours faithfully,

K Hancock
