THE OFFICE HOUSE, 247/249 LEEK ROAD

ENDON, ST9 9BJ.

Application for change of use.

Town & Country Planning Act, 1990.

---

DESIGN AND ACCESS STATEMENT.

This application is for a change of use from Offices to residential.

I confirm that it is not proposed to make any changes or erect any additional buildings nor to alter in any way the means of access which are at present used.

The property is screened from the A53 main road by shrubs which will be retained.

I have agreed to dedicate an area of land approximately 1 metre in width adjoining the A.53 in order to facilitate a wider footway for the public, the County Council having agreed to rebuild the existing stone wall etc. and plant new hollies as necessary on the new boundary. This work has been completed since the first application was submitted.

Alan Morris.
