Submission: Objection
Comments: I am writing to inform you that I would like to contest the planning application.

Both the windows (no.5) on the back of the house and the side of the house will be overlooking my property.

The window on the side elevation would look directly into my dining and sitting room and be an invasion of my privacy.

The doormer window on the back of the house would be able to look directly into my garden, I purchased the property because I was not overlooked and I feel that I must contest this application as it really invades my privacy.

I live in a bungalow and do not feel that is if fair that I am going to be so overlooked and mt privacy invaded in this way.

I will be putting this in writing and sending to your department.

K Weston
