well lane
Gillow Heath

ST8 6QX
Submission: Objection
Comments: I wish to object to the proposed planning application reference number smd/2016/0187

I believe the property would be within the green belt and as such in contravention with planning policies

The nature of the building will be an encroachment and effect the openness of the green belt

The elevation of the proposed site will seriously affect my privacy

Parking is already an issue with this property for on some days it overspills into the Lane causing problems for traffic and pedestrians this development would only make this matter worse.

I believe this proposed site as already encroached on to the green belt removing a hedge row which extends their garden and thus ensuring their own view is not affected.
