**Subject:** Fwd: Proposed Fencing Work.

Please let me know if this is the kind of fence you require for me to erect.my planning ref number is Smd/2017/0098
I three intercepter tanks for the hand car wash area.there is an under water pump which pumps the dirty water into water tanks on a trailer and then the water is taken to my home address.the dirty water is then disposed down the sewer.i have a licence from Severn Trent water to do so because there is no sewer on site.

> Many thanks for your enquiry, please see below. I will send over some literature tomorrow so you can see the product being offered.THIS IS REFLECTIVE ACOUSTIC FENCING. Please ensure this is the correct type. It will typically reduce noise in ideal situations by as much as 29 dba.
>
> **Supply &Fix,**
>
> 3000 mm high x 18 metre run of GROOVY style acoustic reflective fencing with base board, capping and cover strips. All horizontal noise stop boards and fencing will be set on 4200 mm long x 175 mm x 150 mm one way weathered timber posts which will be embedded in C25P concrete foundation, APPROX. 1000 mm - 1200 mm deep, depending on ground conditions.
>
> All prices are based on digging in soil, no hard dig, i.e. concrete, tarmac or stone. We will need to visit site prior to acceptance of any instruction to carry out the work to confirm all of this. The site visit would be free of charge and completely without obligation on your part.
>
> Please note that other types acoustic fencing are available and can be much more affordable, depending on what is specified and what - if any - planning stipulations are imposed in place. We can help you with all of this if you require.
>
> **Total Cost for This System is £ 2,495.00 plus VAT.**
>
> Many Thanks again for the opportunity to quote for is work.
