Comments: Dear sir/madam,

I fully support the above application as i use Brunt's entry on a daily basis and up until recently the plot was overgrown and covered in rubbish, since then Mr Chatterton has cleared the area and also the alley so that it is once again usable.

Also historically there has always been dwellings on that plot ,so to rebuild a property there

will bring the alley back to how it once was.

An added bonus will be that if there is a house there, teenagers will no longer congregate on the site.

Best regards, J Poole.
