STAFFORDSHIRE
moorlands
DISTRICT COUNCIL
ACHIEVING · EXCELLENCE

Mr Waterhouse
Quarry House 715 Cheadle Road
Wetley Rocks
Staffordshire
ST9 0BB

Application no: SMD/2023/0355

Determined on: 06/11/2023

Town and Country Planning Act 1990 Section 192
(As amended by Section10 of Planning and Compensation Act 1991)
Town and Country Planning (Development Management Procedure) (England) Order 2015

APPROVAL TO ISSUE CERTIFICATE OF LAWFULNESS OF PROPOSED USE OR DEVELOPMENT

Staffordshire Moorlands District Council hereby approves to certify that on 17/07/2023; the operation specified in the First Schedule taking place on the land specified in the Second Schedule and edged red on the plan attached to this certificate, was lawful within the meaning of Section 192 of the Town and Country Planning Act 1990 (as amended), for the following reason(s):

The applicant has confirmed that proposed extension shall be constructed from brick, as opposed to the wood cladding initially proposed and that it will be attached to the main dwelling. Accordingly the proposed developments as submitted (V3.0) are considered to be permitted development according to the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended). This is set out in: Schedule 2, Part 1, Class A.

FIRST SCHEDULE
Lawful Development Certificate for a Proposed 3 sided block constructed shed that adjoins to the main house

SECOND SCHEDULE
715 Quarry House Cheadle Road, Wetley Rocks

NOTES

1. An applicant may appeal against by giving notice to the Secretary of State:-

   (a) the refusal to issue a certificate under Section 192 of the Act; or

   (b) the failure to give notice of the Council's decision within 8 weeks of the registration of the application, or any other period agreed with the Local Planning Authority;

   Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at https://acp.planninginspectorate.gov.uk

1. As part of the appeal process the Applicant must submit to the Planning Inspectorate a copy of the following documents:

   - a copy of your original application
   - a copy of the local planning authority's decision notice - if they didn't make a decision, send a copy of the letter acknowledging your application
   - a map of the site
   - copies of all plans, drawings and documents you sent to the local planning authority
   - copies of any letters or emails from the local planning authority
   - any other documents that directly support your appeal

   If you think your land or building is now lawful because the time limit for enforcement has passed, you also need to submit evidence like:

   - dated photographs of the site
   - letters from neighbours
   - receipts or invoices for work
   - plans and drawings
   - Domestic sprinklers

2. Fire sprinklers operate automatically even if you are not at home releasing water directly over the source of the fire and sounding the alarm, they are unobtrusive and easy to install. Sprinklers are NOT expensive; normally costing around 1-2% of the cost of construction of a new building. The use of sprinklers will usually allow design freedoms as well, which can reduce construction costs and improve usability and design freedoms of the building.
   The chance of an accidental discharge is 16,000,000:1
   If you would like further advice please contact Staffordshire Fire and Rescue Service (www.staffordshirefire.gov.uk)

3. Working smoke alarms correctly positioned in your home can save your life.
   The Fire Service recommends you have smoke alarms on every floor of your home, including in each bedroom, and make sure you test your smoke alarms at least once a month.
   Although the application of approved guidance and enforcement of regulations will give buildings the legally required baseline of fire protection, the Fire Service's viewpoint is many of these fall short of what we would consider adequate. This is why we campaign for the inclusion of sprinklers.
