Comments: I object to the proposed development. Traffic in and out of Draycott and blythe bridge is considerably heavy most times of the day, adding a housing estate in this location is not only stupid but extrenely dangerous. The round about is one of the main routes for the M1 with a massive number of cars and HGVs passing through it daily, 24 hours a day. I have lost count of the number of accidents that occur on this roundabout. Also when there is an accident on the A50 head In towards derby the backlogs affect the entire area making travelling into and out of the area near on impossible. I'm sure the residents of this new estate wouldn't take too kindly to not being able to get in or out of the estate for several hours!

Schools are already over subscribed,doctors, dentist's and other public services cannot cope in this area as it is.

How would children safely get to school if they did get a local placement safely? They couldn't walk from this estate safely into Blythe Bridge. Crossing a dual carriageway on foot is not a viable option for anyone to do especially children.

There is an abundance of wildlife in the area. You would be destroying their homes.
