Dear Sir/Madam

Re. Application No - SMD/2016/0262

Location - Twillow Heath, Stile House Lane, Bradnop, Nr. Leek

The above application was presented to all the members of the Bradnop Parish Council.

There were several issues raised regarding this application, it was thought that this development in its location would be detrimental to the locality being extremely close to the Council Road, and one that would possibly give issues of traffic visibility.

A further point raised was that there is not enough acreage of land to warrant such an agricultural building, the holding is not a viable holding in agricultural terms.

Please take into consideration the points put forward by the Council.

Thanking you.

Yours faithfully

Sheila M. Knott
Clerk to the Council
