

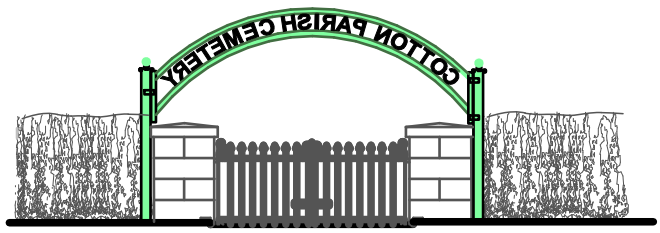
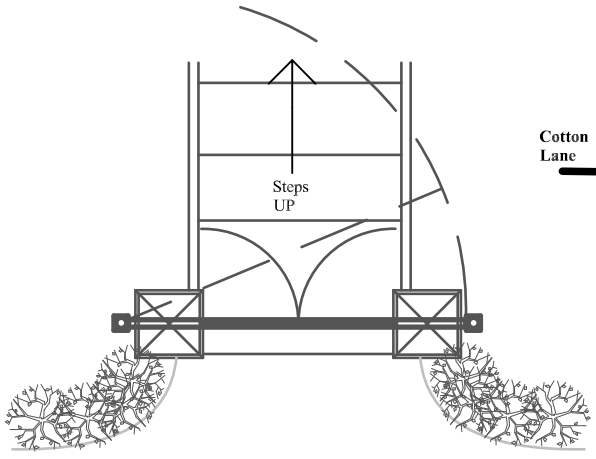
South East Elevation

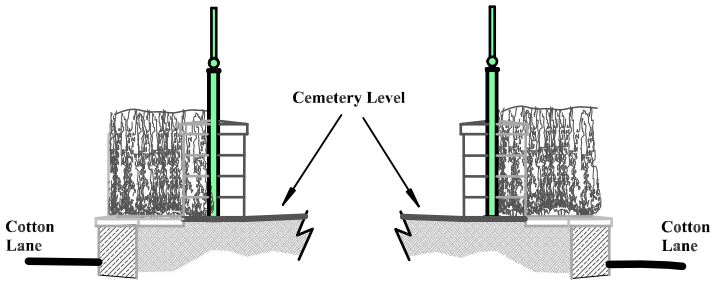
View From Cotton Lane



North West Elevation



Plan



North East Elevation

South West Elevation

Outline Specification

The arch to be of 50mm RHS roll formed into an arch with precision profiled cut individual letters welded into position to make complete arch. Posts to support arch of 100mm RHS with steel sphere caps. To enable machine access the arch to be hinged off post with closure clasp. Prior to erection the arch to be shotblasted and galvanised or other suitable protection and etch primed and painted green to match existing gates.

This drawing is not a contractual/constructul specification and is intended for planning purposes only. Please refer to individual contractors written specifications and details for contractual details.

All work must conform with Planning, Building Control and CDM Regulations. Dimensions to be checked on site prior to commencement of work.
