Comments: I do not object to the proposed planning application but would request that any conditions that are determined with the application if granted are adhered to. Conditions relating to the building of 66 Ash Bank Road that were determined wit the approval of the building of the property were not adhered to; conditions determined with the planning approval included the retention of (and enhancing of) wildlife area/pond, trees, borders etc. Not only were the original planning conditions not adhered to, most of the trees (most aged and require preservation) have been cut down /removed. I'd also request that noise regulations for noise relating to building developments are adhered to.
