Dear Sir or Madam,
I strongly object to the proposed
extension shown on the letter
The privacy in my home
has already been affected by
the small upstairs window at the
rear of the house having been
removed and replaced by two
large separate windows. Was
planning permission needed for
this?
I feel sure that an extension

of this size will overlook my property considerably and will feel intrusive

Also the work will cause dust and noise pollution, not to mention parking problems in Heybridge due caused by work vans parked all day on a narrow road.

Yours faithfully
