Submission: Neither
Comments: We have no objections to the planning application submitted however yourselves or third parties may need to be aware of the current drainage of sewage and waste disposal. At present the waste from this property empties into a holding tank in the front of my garden .This previously didn¿t cause any issues as the previous occupants of number 34 Fold lane were elderly and for the last 3 or 4 years was single occupant obviously producing minimal waste that we had removed at our expense .As this is purely a holding tank with limited capacity if the property has multiple occupancy this is highly likely to give issues.

If yourselves or any third party wish to contact me regarding this matter please do so.
