Comments: Dear sirs,

we are in receipt of your letter advising of the planned development at number 12 Highfield Avenue.

Since this property was acquired last year by Mr Sanders, we and several of our neighbours have had major concerns about the two scrap cars that were dumped at the premises.

We live in a mature residential business-free area, but, overnight things changed, we now look out from or windows at an unkempt "scrapyard" with no effort made to screen the eyesore.

There is already an existing garage, and we are concerned that this large additional garage with pit, attached office, plus carport will be used by Mr Sanders to repair the said vehicles and probably others as well.

We oppose this application on the above grounds and urge a site visit by your department.

Yours faithfully.

Mr and Mrs G Sutcliffe.
