Comments: We oppose the planning application due to concerns about the activity on the site.

In recent months there has been an accumulation of what looks like scrap cars. We are fearful that the provision of an

extra garage will lead to an increase in the noise associated with renovating old/ scrap cars.

We think the above activities should be confined to an Industrial Estate and not a residential area.

However we would have no problem if the proposed application equates to regular usage in line with a residential street.
