Submission: Objection
Comments: My objection to the plans are that the roof extension will cut out a large degree of light from our living room and kitchen. add to that the loss of privacy if the bungalow were to have windows set in the elevated roof space and a set of double glass doors looking out over the rear gardens, plus the view from our kitchen window will disappear, incidentally in 2001 my wife and I had plans for something very similar for our bungalow, we had Stephen Dawes RIBA to draw up the plans, but before the plans were drawn he made some tentative enquiries and was told that the idea of having a gable end with windows, or windows set in the roof would not stand a very good chance of being passed, plus it would not be in keeping with all the other bungalows. Kind regards Ken & Celia Richards.
