Subject: SMD/2018/0125 Proposed extension

To whom it may concern

I have received information regarding a proposed development at 4 Lavender Avenue, Blythe Bridge. ST11 9RN.

I live at 2 Lavender Avenue which is next door. I have no problem with the proposed development, although my sewer system, water drainage system and electrical supply runs underneath the proposed garage utility room conversion.

I do not know if this is the correct place to raise this but would like planning to be aware.

Many thanks in advance

Terry Knight
