Comments: This site was developed into a large 24 hour site, having previously been a small family concern that operated hours that were limited.

It was a condition of that planning being granted that ALL staff and CUSTOMER parking would be accommodated ON SITE.

This condition has NEVER been adhered to or policed. Both staff and customers parking on and blighting neighboring land and property. Customers regularly parking on the highway and pavements. This is a very dangerous road, so much so it was deemed necessary to install fixed speed cameras due to multiple fatalities.

The parking of staff and and customers off site is indicative of the lack of parking available currently.

As such a further reduction of this parking due to a construction of a store should be dismissed.

I would welcome an investigation into the planning stipulation that has not ever been met.
