Dear Sir or Madam,

I am writing to object to the outline planning application, NOSND/2016/0490 Hillcrest House Hill Top. This land is a garden, and they fenced it off when they made the House into a Holiday Home. My bungalow faces onto this land, and my lovely views. There is no road in for cars, and this is a residential area, the lane is not fit for heavy traffic, and a bad bend by the pub, no side walks, Thinking about children we need a slow sign to slop the speed they come up. My view from my kitchen & lounge has been spoilt by the Tip & large Motor Home is my view and now I may loose my view from the lounge on the side, I am up for sale, but the Tip & Motor Home have put my viewers off.
