Submission: Objection
Comments: Dear Sir/Madam

We the occupants Mr and Mrs Birks of 2 Southlowe avenue Cellarhead object to this application in its current form. The reasons are as follows.

The hedge between ourselves and 3 Southlowe Ave will be partly removed and replaced with a 2 storey wall, which will have a visual and light reduction impact to the kitchen window. The view we will then have will be of one very unpleasant solid brick wall as opposed to green hedge and blue sky.

Our upstairs rear bedroom will receive very little natural sunlight as a result of the proposed extension giving the view of being in a tunnel and reduce the pleasant view to the garden we have at the moment as the wall will come beyond the window, this we feel will not only have a visual impact on the room but we may also have issues with damp.

Although we object to the application in its current form if the extension were to finish in line with the rear of our garage we would not oppose this.

Please acknowledge receipt of this objection.

with damp.

this we feel will have an impact on
