Subject:

Good morning,
I currently live at 59A-flat at 61 High St Biddulph
I am also the director of Priory Property Services (Staffs) Ltd situated on the ground floor of 61 High Street

We currently have an appalling situation with regards to the private parking at the rear of 59A and 61 whereby myself and family are blocked in by inconsiderate people who fail to adhere to the "No parking" signs and yourselves who refuse to lay a single white line at the entrance on King St in order to deter having our private land blocked
My staff also have terrible issues with being blocked in on a daily basis as well as myself

I object to yet another so called restaurant and take away in the vicinity due to yet more cars and people requiring parking that involves no distance

King St has the Fish bar which causes untold customer nuisance

TSB being the only bank in town has a queue of randomly parked cars at all hours accessing the bank and more so the cash till

The Golap take-away is directly across the road

Either side and within 50-100m there exist copious take-aways, restaurants and bars already. People park anywhere and create unpleasantness late in the evening

Flat 61 and 59A are residential and not commercial, as are all the dwellings above High St premises. Yet another evening and late night establishment is not good for the town or its image at all.

The situation in the town and especially King Street is already causing many issues to residents and access

I DO NOT support this application in any way

I look forward to hearing your comments or response

Yours

Pat Godfrey
