Dear Jane Curley,

I write in respect of the proposed planning application for Laver Leisure and the
 bridlepath routes they have requested. I confirm that we fully support Laver Leisure in
 this as it is a very welcome addition to the area. These routes link
 to the Sabrina way and would help create circular routes for everyone, not just their
 visitors or walkers.

Laver Leisure are proposing to reinstate some of the old routes which were
 extinguished for the quarry to operate and where this is not possible they are creating
 a safe alternative path to be put on the definitive map as bridlepaths,

This is a copy letter I sent to you last year in
 support of the above application. I believe it may have
 been lost as the objectors say this submission does not have
 our support. - which it does.

This was an extremely busy quarry with lorries
 operating 24/7 for many years. Moneystone has to move
 on and this has to be an improvement. Laver Leisure
 have done a good cleanup at Moneystone and should be allowed
 to proceed
