Submission: Objection
Comments: I object to the above application for the following
reasons :

The proposed roads lead to an area where unregulated tipping has occurred for some years and approval of the proposal is likely to intensify this tipping. I believe there is a Council Enforcement order over this area preventing tipping. Intensification will result in more heavy goods vehicles using Mount Rd which is a narrow country lane.

The proposed development would be a visual intrusion in the landscape .

I hope these objections will be taken into account when the application is considered.

The proposed development would be a visual intrusion on the landscape.
