Comments: I strongly object to this planning application,it will have a much more negative affect on the light and ventilation to the side wall of my house which suffers already with the high fence without a two and a half storey dwelling.

The side path is a public right of way and becomes slippey with moss algae due to the lack of light already so I object for safety reasons also.

The lane is also in such a state of disrepair that no one wants to accept responsibility for its repair.

The plans are way to close to my property and I am sure it will affect neibouring properties light also.
