Comments: This proposed extension will be to enable my dad to be cared for in his own home by his family instead of being in a care home environment. The extension will be at the rear of the property and not visible to local residents. The extension will also be sympathetically built in keeping with the surrounding properties preserving the character of the village. I hope that Staffordshire Moorlands District Council have some compassion to take into account the genuine reason for this proposed extension and allow permission for the extension to be granted.
