Mrs Gillian Pickerill RGN, RN (Child) SPCC
To whom it may concern
Date 08.04.2018
Dear Sir / Madam
Re Agricultural Tie at Grangewood House

I have known Deborah Bennion and her husband Simon for approximately twenty years when I commenced my role as a Staff Nurse on ward 110, at the University Hospital of North Staffordshire.
Deborah was working full time as a Registered Sick Children's Nurse and we continued to work closely together for over fifteen years. Simon was, and still is working in the Building Services trade.
When I left my position on ward 110, Deborah and myself kept in touch and in 2014 she offered me a role within her team at AMG Nursing and Care Services.

I can confirm that neither Simon or Deborah have carried out any agricultural practices or generated any form of income from agriculture during the time I have known them.

Yours faithfully,
