Submission: Objection
Comments: I am writing to object to the application to the new signage which the Nursery is wanting to erect. I saw the signs when they were placed there a few weeks ago whilst visiting at 112 Draycott Road and they looked hideous. Much to my relief they never stayed there long. They are not in keeping with the country side and to be honest when approaching Upper Tean from Draycott it looked like a Petrol Station sign. They do not fit in at all, They are to big, they are extremely bright and do not blend in at all. They looked awful and spoilt the view from my firends house whom I was visiting. The old signage up against the hedge/entrance was far better.
