Application Reference No. : SMD/2016/0593 Site Address: Co-Op Food WEST STREET LEEK STAFFORDSHIRE ST13 8AF Leek Comments by: Nick
From: Salt
6
West Street
West Street
Leek
Staffordshire
ST13 8AA
Submission: Objection
Comments: I am a concerned property owner, neighbour and father who has living and bedroom accommodation directly affected by the light pollution that was caused by the illuminated lights/signs when the Co-operative initially opened and had such lights (presumably without the necessary permissions). The vast majority of our house and neighbouring properties were lit green not only during trading hours (currently 7am-11pm) meaning we have to have blackout curtains just to enable our daughter to sleep in relative darkness. It is my view that the local residents of West Street have been disadvantaged enough in recent months due to numerous planning applications' that have seemingly gone un-communicated, thus resulting in a noisy and busy area with traffic chaos having been created, and an accident just waiting to happen.
