0m 5m 10m

Scale Bar 1:100

all heights, sizes and dimensions should be checked on site by the contractor before any work is put in hand.

figured dimensions should be taken in preference to scaling and any errors or omissions reported to the architect at once

This drawing has been prepared in accordance with the CDM (Construction Design and Management) and all foreseeable design risks to those involved or affected by construction have been avoided wherever possible

MATERIALS

WALLS - External walls to be a mix of modern cut stonework and timber clad above DPC level. Existing property to re-faced in modern cut stonework

ROOF - Main roof to be 'slate-like' appearance matching existing property, and flat roofs to be EDPM hidden by parapet walls

WINDOWS & DOORS - Windows and doors are to be either powder coated metal or UPVC

RAINWATER GOODS - To be black powder coated metal rainwater goods
