Statement of Truth

I Andrew Phillip Harrison is making this statement in relation to the use of the property known as Broad Oak Farm, Green Head, Kingsley Moor, Stoke on Trent, ST10 2EL (outlined in red on plan (REF JMI-1).

1. I am a Director of the Broad Oak group of companies based at Broad Oak Farm.
2. Quest Paintball started operating at Broad Oak Farm, Green Head, Kingsley Moor, Stoke on Trent, ST10 2EL in 1995.
3. In 2001, we purchased the shelter building and erected it on site, together with the shop. These structures formed part of a new 'safe area' formed to enable increased player numbers at the site. The former safe area was subsequently used as a new game zone called Hill Siege.
4. In 2003 the site hosted a round of the Midland Masters paintball tournament.
5. In 2005 the toilet and shower block was built on the site.
6. In autumn 2013 two storage containers were placed on the site for the storage of paintball guns and protective clothing. These remain in their original positions to date.
7. The site remains in use as a paintball centre to date. There have been no interruptions in the use and the site has not been used for any alternative purposes since it was first used as a paintball centre.

And I make this solemn declaration conscientiously believing that the same be true by the provisions of the Statutory Declarations Act 1935

Declared by ANDREW PHILLIP HARRISON
