

DELEGATED DECISION REPORT

SMD/2016/0531
Valid 23/09/2016

5 BATH STREET
LEEK

PROPOSED CHANGE OF USE
FROM A1 (RETAIL) TO A3
(RESTAURANT & CAFE)

(FULL - MINOR)

MAIN ISSUES

- Impact on the character and appearance of the application site and wider streetscene;
- Impact on the amenity of nearby properties; and
- Highway safety.

DESCRIPTION OF SITE

This application relates to a site that is positioned on the western side of Bath Street. The site comprises of a two storey dual pitched roof building that is characteristic of the wider locality. The immediate area is located within Leek Town centre and comprises a mix of uses. Though the site has a lawful A1 use works are underway to convert the premises in accordance with that proposed. For the purposes of this assessment the application site is located within the Leek Town Conservation Area.

PROPOSAL

Planning approval is sought for a change of use from an A1 retail unit to an A3 restaurant and café. No external alterations are proposed and opening hours are stipulated within the application as follows:

Monday to Saturday: 08:00 – 17:00

Sunday and Bank Holidays: No opening

OFFICER COMMENTS

Principle of Development

In accordance with policy SS1 the Council will expect the development and use of land to contribute positively to the social, economic and environmental improvement of Staffordshire Moorlands. Policy SS1a when considering development proposals the Council will take a positive approach that reflects the presumption in favour of sustainable development contained within the National Planning Policy Framework (NPPF).

The application site is located within the Leek Town development boundary and sits on the fringe of the main shopping frontage of Derby Road. Policy SS5a seeks to consolidate the role of Leek as a principal service centre and a market town through the sensitive redevelopment and expansion of the town centre to increase the quantity and quality of the retail offer. Policy TCR1 aims to protect and enhance the vitality and viability of Leek town centre through positive management, which includes focusing and promoting retailing as well as other key town centre uses within the town centre; enhancing local distinctiveness by supporting proposals which help retain, attract and expand the provision of independent retailers in the town. Within secondary frontages, non A1 retail development will be permitted where it will contribute to the vitality and viability of the town centre.

This application relates to a site located on the fringe of the primary shopping frontage of Derby Road and is therefore regarded as secondary for the purposes of

this assessment. The application seeks approval for the change of use of an existing A1 retail unit to an A3 restaurant and cafe. Though this is a non A1 use, it is a use that is common place in a town centre location. It is therefore considered that this development would enhance the town centre offering, contributing to the vitality and viability of the area. The principle of development in this location is therefore considered to be acceptable subject to matters of detailed design, highway safety and the impact on nearby properties.

Design

Policy DC1 requires all new development to be well designed to reinforce local distinctiveness by positively contributing to and complementing the special character and heritage of the area in line with the Council's Design SPG. The application site is located within the Leek Town Conservation Area. Accordingly, in line with policy DC2 the Council will resist development that would harm or be detrimental to the special character and historic heritage of the town.

The application site comprises of a two storey red brick built terraced building that is characteristic of the wider traditional locality. A site visit has confirmed that the external alterations made to the premises have been confined to the painting of the existing frontage. These works do not require planning approval. The proposed change of use is not considered to detract from the character or appearance of the application site or the Leek Town Conservation Area.

Amenity

Policy DC1 requires all new development to protect the amenity of the area, including residential amenity, in terms of satisfactory daylight, sunlight, outlook, privacy and soft landscaping.

As this application relates to the change of use of the premises there will be no additional bulk or massing to the site that would give rise to a loss of daylight or sunlight. The site is located within a town centre location; however it is noted that there are a number of residential units within the immediate vicinity. The hours of operation are to be between 08:00 and 17:00 Monday to Friday only. Extraction equipment has been installed. No objections have been received. It is not considered likely that the proposed development would result in significant harm to amenity.

Highway Safety

The application site is not served by any parking provision; however the site is located within the town centre which is served with a number of public car parking options. The centre is also well served by public transport. It is therefore not considered that the proposal would result in harm to highway safety.

CONCLUSION / PLANNING BALANCE

This application seeks approval for the change of use of an A1 retail unit to an A3 restaurant and café. In accordance with policies SS5a and TCR1 the proposed use would successfully contribute to the vitality and viability of Leek Town Centre.

Furthermore, the proposal would not detract from the character or appearance of the application site or the Leek Town Conservation Area, in accordance with policies DC1 and DC2. Taking account of the town centre location of the site and existing lawful use of the premises it is not considered likely that the development would result in harm to the amenity of nearby residents. Furthermore the proposal would not result in a threat to highway safety by virtue.

This application is therefore considered to accord with the Staffordshire Moorlands Core Strategy and the National Planning Policy Framework. A recommendation of approval is therefore given.

OFFICER RECOMMENDATION : Approve
