7 December 2018

Dear Mr Johnston

Planning Application DET/2018/0040

Land at Thorncliffe Bank, Thorncliffe, Leek. Proposed agricultural building.

The above matter was discussed at the recent meeting of the Parish Council. The decision of the council is that it has no objections in principle to the development.

A number of concerns were raised. These are over the visual impact and practicality of the proposed location given the nature of the terrain and potentially poor ground conditions during the winter months. The access to the field is on a blind bend and obscured from approaching traffic. Agricultural traffic leaving the field has difficulty in seeing approaching traffic.

Yours sincerely

A.W. Howard
Clerk to Tittesworth Parish Council
